REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a method of maintaining one or more lists of one or more network characteristics of a plurality of messages traveling near at least a first network node coupled to at least a first packet network. The independent claim identifies the uniquely distinct features: regarding claim 1, detecting the plurality of messages traveling near at least the first network node coupled to at least the first packet network, wherein each of the plurality of messages comprises one or more network characteristics; and updating the one or more lists of the one or more network characteristics of the plurality of messages, such that the one or more lists comprise instances of the one or more network characteristics based on at least a frequency of occurrences of the instances. The closest prior art, Natanson et al. (US 6,611,525), Levenson et al. (US 6,807,172), Bertin et al. (US 6,400,681), Daruwalla et al. (US 6,128,296), Iwata (US 5,687,168) disclose conventional communication systems, either singularly or in combination, fail to anticipate or render the above features obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kwang B. Yao whose telephone number is 571-272-3182. The examiner can normally be reached on M-F.
